*And the Survey Says . . . . .*

We have finished tabulating and reviewing the results of the parish survey. Thank you for your tremendous response – almost 300 surveys were returned. The results are very helpful as we assess additional ways in which we can meet our parish needs. While we will be providing a detailed recap of the findings as part of our upcoming Financial Report, here are a few common themes:

Many parishioners want more educational presentations and activities for adults.

Most feel it is very important that we do more with youth programs (70%), outreach to the poor (63%), grief support (53%), and family issues (52%). The Lenten Mission is our most fulfilling special activity. And many of you have excellent, specific suggestions to make parish activities more accessible.

One of the most significant findings is that we heard mostly from parishioners who are older in age. The percentage of returns from parishioners who are age 55 and younger (especially those in their 40's, 30's, and 20's) does not represent our parish population. We need to hear from more of you. For that reason, we have posted an online version of the survey on the parish website. It will be available for the next couple of weeks. If you haven't already done so, please take a few minutes to share your views. It is very important to us that you be heard.

*Blessings in Christ Jesus,*
